The Current Coaster embodies an urban hipster's retro soul, a surfer's laid-back attitude and a cyclist's athleticism. It's effortless to propel and smoother than a 70's Cadillac. It comes standard with 20" wheels, a billet deck, alloy rims, custom graphics and a dual braking system that will make you feel like a kid again.

Built for teens and adults, Current's modern-yet-retro design comes in six premium colors and accessories.
